The Masters had sent him out in the

world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the what they all wanted, and keeping his eyes from those clear eyes. He was a good teacher, the best." In about 650, the sisters Elehal and Yahan of Roke, Medra the Finder, and other people of the Hand founded a school on Roke as a center where they might gather and share knowledge, clarify the disciplines, and exert ethical control over the practices of wizardry. With the Hand as its agent on other islands, the school's reputation and influence grew rapidly. The mage Teriel of Havnor, perceiving the school as a threat to the uncontrolled individual power of the mages, came with a great fleet to destroy it. He was destroyed, and his fleet scattered. The Creation of Ea contains no clear references to an original unity and eventual separation of dragons and humans, but this may be because the poem in its presumed original form, in the Language of the Making, dated back to a time before the separation. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon..the wet rocks afterward, because he was very cold.
